AT CLUB CAR, LOVE OF GOLF RUNS DEEP.

We know what gets you and your team up in the morning, and what keeps you up at night.

It's a delicate balance—maintaining the love of the purity of the game and having the desire to grow your business. That's why we're always in your corner with reliable products, revenue-building business strategies, and custom vehicle options to meet every need.

This is what drove us to build a partnership with Greg Norman Enterprises and Verizon to bring you Visage with Shark Experience technology. With car and course controls for you and in-car entertainment and enhanced course-specific options for golfers, Visage with Shark Experience will enhance the game for players of all skill levels.

Working together, we'll help your course provide the best golf experience it can.

ELEVATE THE RIDE. AND YOUR REPUTATION.

Introducing Club Car Tempo and Tempo 4Fun

Stories start here

The 2018 Club Car Tempo and Tempo 4Fun embody the experience and reliability of Club Car in a whole new way. This is a car built for the comfort and entertainment of your players with integrated technology that gives you the freedom to manage your course from the course, not an office.

Touchscreen included with every electric vehicle

Speakers on every vehicle

Sleek dashboard (cup holders, USB port, etc.)

FPO TEMPO GREEN

Overhauled cowl

Rust-proof aluminum frame

Tempo

Long-lasting automotive standard gas engine or electric battery

More accessories available, ask your Club Car sales representative for details.

SHARK EXPERIENCE

presented by verizon

Moving the game forward

The Shark Experience creates a dynamic round

In select 2018 Club Car Tempos, a day at the course will become the event of the season thanks to the Shark Experience. Developed in partnership with Greg Norman Enterprises and Verizon, the Shark Experience has been added to Visage software in all 2018 electric Tempos. Created with a love for, and respect of, the game, this in-car entertainment experience provides something for golfers of all ages and skill levels.

The Shark Experience engages golfers in a modern, fun, and social way that they'll continue to talk about long after the last putt has been sunk.

Benefits include:

- Multiple genres of music to enjoy
- Popular games broadcast directly from ESPN2
- Up-to-the-minute news headlines
- Non-intrusive advertising

Tempo 4Fun, built for 4 passengers

CONTROL COSTS. SIMPLIFY OPERATIONS. WIN-WIN.

Maximize course efficiencies and fleet performance with Visage software.

Exclusive to Club Car, Visage with Shark Experience is an easy and smart way to engage new and current players. The technology enhances a golfer's entire experience on the greens and can strengthen their relationship with the course. For management, Visage enables you to streamline course operations with tools proven to increase efficiencies and open new revenue streams.

Customize your software

Support the unique needs of your course and staff with the right technology package, custom configured for you.

Enhance golfers' time on course

Carry the game from the greens to the seats with the in-car entertainment options of the Shark Experience and the distance-to-pin measurements, hole flyovers, and stroke tips in the Golfer Experience software.

Increase revenue streams

Increase a golfer's course experience, and your revenue stream, by offering food and beverage ordering direct from the fairway. The in-car display can showcase specific menu items and clubhouse sales.

"We increased on-course food sales in excess of 35% this year by using Visage"

- Old Edwards Club in Highlands, NC

FPO OFFICIAL QUOTE NEEDED

Optimize car performance

Know immediately when a car needs a charge or service.

Limit staff and car downtime

When you need it, help is just a call away. Visage comes with tech support for the life of the vehicle.

Maintain a beautiful course

Track carts and use the information to reroute paths, redesign hazards, or make other changes to match the needs of the course with the expectations of the golfers.

Improve pace of play

Real-time car tracking allows you to monitor car movement and send alerts to golfers before lines start forming behind them.

Enforce ground rules

Visage helps keep cars where you want them by automatically slowing those that come within a few feet of pre-set restricted zones.

CARRYALL, THE MULTI-TASKER WITH SUPERB MANEUVERABILITY

Reliability doesn't get a day off.

More accessories available, ask your Club Car sales representative for details.

Your staff works hard—their equipment should too. In fact, we designed the reliable Carryall line by watching your team in action. It was the only way to deliver the multi-duty functionality they need for day-to-day course maintenance.

FPO
CLIENT TO PROVIDE

The only rust-proof frame in the industry

Constructed to resist rust and corrosion in salty, humid environments, our aluminum frame is 3x stronger than comparable steel models.

Tighter handling, lower clearance

Optional Small Wheel Turf Package (available on 300, 500 and 700 models) features 18" wheels and the removal of steering stops, allowing a smaller turn radius and more comfortable ride.

Electric or gas powertrain

Choose the engine that's best for your course: our 8-volt lead acid battery with E.R.I.C. high frequency charger or our powerful Subaru gas engine.

Multiple models, increasing payloads

With five Carryalls ranging from 800 to 1500 lbs. of capacity, you can choose the power, bed size and integrated accessories needed for your operations.

ON-THE-GO REFRESHMENTS. INSTANT REVENUE.

The redesigned Café Express delivers the goods.

Pickup- color correct grass to match

NO MORE BITS AND PIECES. ONE PACKAGE DOES IT ALL.

Care for your course with the complete Range Picker Package.

Pickup- color correct grass to match

With display space that's been carefully designed and engineered to drive impulse buys, the Café Express mobile merchandising vehicle will help you recognize more revenue and higher profits.

Display to win

Flexible shelving shows off snacks while insulated compartments keep more drinks cold. (It holds up to 256 cans!)

Put it on ice

The redesigned Café Express has 120% greater consumable ice capacity (which means fewer trips back to the clubhouse).

Save on fuel

Its super-efficient, 14-hp rated EFI engine consumes 50% less fuel than similar models.

Free staff training

Club Car offers a free training module with a certification exam to anyone who will operate this vehicle. It's a great way to increase customer service and protect your staff, your golfers, and your investment.

You no longer have to "build your own" vehicle, because the new Club Car Range Picker Package for Carryall 300 and 500 gasoline models has everything you need.

Features Include:

- Automated limited slip differential
- Extra traction tires for wet, slippery or rough terrain
- Range cab
- Push frame
- Front picker adapter
- Brushguard with headlight guards
- Cargo box
- Four standard body colors
- Five premium body colors (small upcharge)
- Two standard seat colors
- Three premium seat colors (small upcharge)
